

Headworks Inc. Promotes Ranjit Nair to Vice President

HOUSTON, Texas – December 20, 2012 – Headworks® Inc. is pleased to announce the promotion of Ranjit Nair to Vice President of its screens and screenings handling division. Ranjit has 10 years of experience in the North American environmental industry and has been employed with Headworks since 2008.

Ranjit joined the Headworks team as a Regional Sales Manager and was promoted to the Director of Sales in 2011 where he managed an extensive network of Manufacturer's Representatives across the United States and Canada. During his time as Director of Sales, Ranjit secured an average of 35 contracts each year for screens and screenings handling equipment and worked towards developing the company's presence in India. He played a critical role in securing the largest screen project to date in Maharashtra, India. Prior to joining Headworks, Ranjit worked with Spaans Babcock Inc. in Toronto, Canada.

"This promotion is well deserved," said Michele LaNoue, President and CEO of Headworks Inc., "Ranjit is a veteran in this field and is an integral part of our daily operations and strategic team. We look forward to his continued contribution in driving the business forward."

Ranjit's experience covers a diverse range of products, including: screens and screening handling equipment, oxidation ditches, and screw pumps. He holds a Bachelor's degree in Mechanical Engineering and an MBA from the University of Hartford, CT.

About Headworks Inc.

Headworks is a leading engineering and manufacturing company supplying screens and screenings handling equipment to municipal and industrial facilities around the world. The Mahr Bar Screen sets the standard for withstanding extreme conditions and leads an impressive lineup of screening equipment for a wide variety of applications. Coarse screens, fine screens, conveyors and compactors – Headworks offers solid screening performance.
